Degenkolb Engineers

300 Frank Ogawa Plaza, Suite 450
Oakland, CA 94612 ■ USA

Phone: 510-272-9040 ■ **Fax:** 510-272-9526

Web site: www.degenkolb.com

Contact: R. Jay Love, Senior Principal

CEO: Chris D. Poland

Principal Business: Structural Engineering

Year founded: 1940 ■ **Number of employees:** 150

Other offices: San Francisco, Los Angeles, San Diego, CA;
Portland, OR; Seattle, WA

Annual Sales: \$19 Million

Notable Seismic Projects:

Stanford Memorial Church, Stanford, CA
Hotel Del Coronado, San Diego, CA
Claremont Hotel, Berkeley, CA
UC Berkeley, Doe Library, Berkeley, CA
Hewlett Packard, various locations
St. Patrick's Catholic Church, San Francisco

Reasons for involvement with MCEER:

Degenkolb's involvement with MCEER allows the firm to maintain contact with the earthquake community at large. MCEER has a multidisciplinary approach and has a specialty focus in healthcare.

■ **St. Patrick's Catholic Church**, San Francisco.

■ **Hotel Del Coronado**, San Diego, California.

Company Narrative:

Over the past six decades, Degenkolb Engineers has been involved with thousands of buildings worldwide in all aspects of structural engineering. The firm has been an active member and supporter of the Structural Engineers Association

and the Earthquake Engineering Research Institute for several decades. Among others, current services include: new design, design-build, blast-resistant design, seismic evaluation and analysis,

seismic strengthening, seismic hazard reduction programs, non-structural anchorage/bracing, seismic risk assessment, PMLs, and ST-RISK™ Software for earthquake risk analysis of structures.

■ **Claremont Hotel**, Berkeley, California.

■ **Stanford Memorial Church**, Stanford, California.
