*A subscription to the journal of Earthquake Engineering and Engineering Vibration (two issues per year) is included with the MCEER Publications Series.

Rates:

MCEER Publications are sold on a yearly basis. For subscribers with mailing addresses within the U.S., the rate is \$300 per year and outside the U.S., the rate is \$400 per year.

A discount rate is available to non-profit organizations. Non-profit is defined as an agency or institution which does not sell its services, or is wholly supported by the federal government. To be eligible for non-profit status, requests must be made on official letterhead from a bona-fide non-profit organization, or must include a copy of the organization's tax-exempt form, or the shipping address of the items requested must be a bona-fide non-profit organization. The rates are \$150 per year U.S., and \$250 per year outside the U.S.

Prices include shipping and handling. Reports are sent media mail (book rate) within the U.S., and via air outside the U.S. Note that reports are mailed as they become available, and are not always sent in numerical order.

Titles prior to 1999:

Reports printed prior to 1999 (1987-1998) may or may not be available in hard copy format. Contact MCEER Publications for price and availability information.

MCEER Publications Subscription Order Form

Subscriptions to MCEER Publications

Definition: Subscriptions for MCEER Publications are processed throughout the year, and the subscriber will receive a complete set of technical reports published during the calendar year, along with selected special publications. In addition, subscribers to the 2002 and later series will receive a complimentary subscription to the journal of Earthquake Engineering and Engineering Vibration.

The subscription period is from January 1 through December 31. No half-year subscriptions are available. A **Subscription Order Form** must be completed and on file at MCEER. Payment is required at the time of purchase.

Rates: \$300 per year U.S., including postage
\$400 per year international, including postage.

Shipping: Reports are sent media mail (book rate) within the U.S., and via air outside the U.S.

Non-Profit Subscriptions: A discount rate is available to non-profit organizations. Non-profit is defined as an agency or institution which does not sell its services, or is wholly supported by the federal government. To be eligible for non-profit status, requests must be made on official letterhead from a bona-fide non-profit organization, or must include a copy of the organization's tax-exempt form, or the shipping address of the items requested must be a bonafide non-profit organization. The rates are:

\$150 per year U.S., including postage
\$250 per year international, including postage.

Payment: Payment is requested at the time of purchase by check, credit card (Master Card, Visa or American Express) or purchase order in U.S. currency only. Checks must be made out to the "**Research Foundation of SUNY.**"

Quantity: MCEER publishes about 10 reports per year; the Earthquake Engineering and Engineering Vibration journal is issued twice per year.

Availability: Subscriptions are available for each year of reports published since 1999. To view a list of titles for a specific year, check our website at <http://mceer.buffalo.edu/publications/default.asp>. Select the MCEER publications catalog, type the year only under publication number, and select search. A list of reports published during that year will appear. Reports printed prior to 1999 may or may not be available in hard copy format. Contact MCEER Publications if you are interested in purchasing these reports for special pricing and availability options.

Renewals: Renewal notices are sent to all subscribers in October.
