The 1999 Taiwan Earthquake

MCEER/NCREE Reconnaissance Team

MCEER Investigators

- George C. Lee, Director, MCEER
- Michel Bruneau, MCEER and the University at Buffalo, Buildings
- Ian G. Buckle, University of Nevada - Reno, Bridges
- Stephanie E. Chang, University of Washington and EQE, Economic Considerations
- Paul J. Flores, EQE, Emergency Response
- Thomas D. O'Rourke, Cornell University, Geotechnical Issues
- Masanobu Shinozuka, University of Southern California, Electric Power Systems and Remote Sensing
- Tsu T. Soong, University at Buffalo, Critical Facilities

NCREE Investigators

- Chin-Hsiung Loh, Director, NCREE
- Kuo-Chun Chang, National Taiwan University, Bridges
- Zhe-Jung Chen, National Central University and Center for Space and Remote Sensing Research, Remote Sensing
- Jenn-Shin Hwang, National Taiwan University, Bridges
- Meei-Ling Lin, National Taiwan University, Geotechnical Issues
- Gee-Yu Liu, NCREE, Electrical Power Systems
- Keh-Chyuan Tsai, National Taiwan University, Buildings
- George C. Yao, National Cheng Kung University, Critical Facilities
- Chin-Lien Yen, National Taiwan University, Office of National Science and Technology Hazard Mitigation, Remote Sensing
